EVENING EDITION.

GEORGE H. SNOW,

OF WAKE.

ELECTION 1ST THURSDAY IN AUGUST.

TICKETS—TICKETS!—We will furnish tickets for the election upon the Constitutional Amendments for FIFTY CENTS PER THOUSAND, the single tickets containing the words "for" or "against" the amendment. The cash must accompany the orders.

LOCAL BRIEFS.

Judge Settle, of the Supreme Court, left for home yesterday.

The ex-Confederates will meet in Metropolitan Hall to-day at 11 o'clock.

Rev. Father McNamara of the Catholic Church has returned to this city.

The funeral servics of the late M. W. Churchill will take place from the Baptist Church this evening at 5½ o'clock.

A fine milch cow, and a calf ten weeks old for sale. The cow is in excellent condition. See the advertisement of C. F. Reid, Forestville.

The latest dispatch from Baltimore in regard to the fire was dated 2 o'clock. The evening edition of the Daily NEWS issued at 4½ o'clock contained the full report.

I. W. Rogers, the Keeper of the Capitol has exhibited the longest Irish potato so far. It was of the early rose species and grown in his garden in this city.

Considerable excitement prevailed on the streets yesterday after the issue of the evening edition of the NEWS containing a full account of the Baltimore conflagration.

We were shown yesterday a new seal for Northampton county, manufactured by Henry Mahler, Esq., of this city, which in point of neatness, durability and style cannot be surpassed by any manufacturer in the United States. We seriously doubt if there is a more skillful mechanic in this country than Mr. Mahler.

There is a public nuisance in the shape of a bawdy house on the corner of Lenoir and McDowell streets. The nuisance is, however, of such a character that the police cannot well interfere as the debased inmates doubtless have a right to walk the yard with as scanty a supply of clothing on as they please, and we think the owner of the property should not lease his house, when situated in a respectable and decent community for such purposes.

DEATH OF M. W. CHURCHILL, ESQ.—It is our painful duty to record the death of M. W. Churchill, Esq., which occurred at the National Hotel yesterday morning at 1 o'clock.

Mr. Churchill was a native of New York State and came to this city in 1868. He became the financial manager and News editor of the Daily *Standard*, which was at that time under the proprietorship of J. B. Neathery & Co. The press of the State will remember the spicy State column of the *Standard* under Mr. Churchill's administration. He was a forcible and humorous paragraphist exceedingly courteous and respectful to his brethren of the press, and during his editorial career was decidedly popular with the craft.

In 1871, he was elected a member of the Board of City Commissioners from the Middle Ward, which cast a Democratic majority of about 40. Though a staunch Republican, such was his popularity that he carried many Democratic votes which elected him. He was appointed by the Board a member of the Street Committee in 1871 and was the most efficient member of that Committee. He was re-elected in 1872 under the same circumstances to the same position. He was then chosen by the Board as City Treasurer, the most important office of the City Government. The finances of the City were in a dreadful condition; the interest on the public debt became due, and no funds to meet it. By his superior financial ability he succeeded in making the payment, and made other satisfactory adjustments of the debt as greatly to improve the City credit. His exhibit of the City finances, published in the NEWS a few weeks ago, which he endorsed at the time of his resignation, speaks for itself of his efficiency as an officer and his devotion to the people he represented.

He was united in marriage to Miss Cornelia Rutjes, daughter of A. J. Rutjes, Esq., in 1870, who survives him and now mourns the irreparable loss of a kind loving and indulgent husband.

During his late sickness Mr. Churchill was visited night and day by our citizens generally, but the Odd Fellow fraternity especially, of which Order he was a prominent member, having filled the highest offices of the Lodge with which he was connected.

In the death of Mr. Churchill the City of Raleigh loses one of its best and most progressive citizens. Peace to his ashes.

"WE PITY THE SORROWS, &C."—Of all the disappointed office seekers that "went for" that vacant Stewardship of the Insane Asylum there is none for whom we had more sympathy in his sore disappointment than our late postmaster, Calvin J. Rogers. In his various and many rounds of visits to the members of the Board of Directors and prominent men to obtain signatures to his petition, it is said his mileage was greater than when he was a County Commissioner for which he drew a very large salary.

Proceedings of the Raleigh District Conference, of the M. E. Church South, held at Cary, N. C., July 24th 1873.

FIRST DAY'S PROCEEDINGS.

(By our Special Reporter.)

The Conference convened in the chapel of the college building at 9½ o'clock, and was opened with religious exercises conducted by Revs. W. H. Bobbitt and A. W. Mangum.

Blackwood, of the Baptist Church; also, Rev. B. B. Culbreth, agent of Trinity College, were introduced to the Conference and invited to seats within the bar.

The Conference then adjourned for religious services to meet again at 3 o'clock p. m.

At 11 o'clock the Rev. P. J. Carraway of Louisburg Station, preached a very interesting sermon from Hebrews, chap. 13 and 5th and 6th verses. Subject: God's covenant to His people in respect to His constancy. "I will never leave thee nor forsake thee." The preacher said there was a reason for everything; there was some reason why every man was not a christian; that God calls both children and adults into this covenant; that baptism was the proper ordinance through which to enter that covenant; that God is pledged to covenant with all who will accept the condition of salvation; that God is constant, "I will never leave thee nor forsake thee."

3 o'clock p. m.—Conference met pursuant to adjournment and was opened with religous exercises, conducted by Rev. S. R. Trawick, the Rev. W. H. Bobbitt in the Chair.

The Chairman announced the following Committees:

Education—A. W. Mangum, J. B. Bobbitt and J. W. Hays.

Sunday School's—A. H. Merritt, A. D. Betts and R. T. Gray.

Temperance—P. J. Carraway, A. R. Raven and J. D. H. Young.

The following delegates appeared this evening to wit: John C. Palmer, R. T. Gray, J. P. Jenkins, John A. Ricks, W. J. Young, Rev. J. R. Griffith, S. L. Riddle, Thales Turner, George S. Baker.

The Chairman at this time called for a verbal report from the various charges. Rev. A. W. Mangum, pastor of the Edenton street Church, Raleigh, reported the church in good condition, upwards of 400 members, the Sunday School flourishing.

Rev. J. N. Trimmer, pastor of Person street Church, Raleigh, reported the church in a healthy and improving condition, the Sunday School was flourishing.

Rev. H H. Gibbons, pastor Tar River Circuit, reported eleven appointments, about 650 members, 4 Sunday Schools, religious condition fine, finances backward.

Rev. A. R. Raven, Carey Circuit, reported 7 churches and 5 Sunday Schools. There are about 500 members and the church is in good condition.

The Chairman appointed Rev. A. W. Mangum and John W. Hays to speak on the office and duties of "Steward."

The Conference then adjourned until to-morrow 10 o'clock.

I will add, Mr. Editors, that ample arrangements have been made and it is expected that a large number of persons will be here on Sunday. Several prominent ministers will remain over Sunday—it is expected that some of the ministers will fill the pulpit of the Edenton Street Church Sunday next.

I will now close my report for to-day.

Yours truly, R. A. LEIGH.

REVENUE ITEMS.—For the quarter ending June 30th, 1873, the Revenue Collectors for this (the 4th Collection District) from all sources amounted to $134,967 90.

Of this amount there were received from tax on tobacco $110,000, this being the largest item on which tax is paid. The next in order was from receipts on special licenses.

For the fiscal year ending June 30th, 1873, the receipts from all sources reached the enormous figures of $445,956.81 being the largest collection ever made in the District.

There is only about $400 due the Government on the tax list for the past year ending June 30th, 1873.

Col. I. J. Young, Collector, etc., left the city yesterday on a visit to his old home in Granville.

Collections at the Revenue office yesterday amounted to $2,509.67.

POOR PAY.—"The wages of sin is death" and the wages of a Methodist preacher is "nigh unto it." One of the most distinguished ministers of the Methodist Conference, rode his first circuit in a county where there was over a dozen churches, furnished his own horse, the most of his own board, had fourteen children named after him, and at the end of the year drew his salary of *thirteen dollars and twenty-five cents*. It was no "poor preach" either. We can prove this by the preacher in question.

BALL AT KITTRELL'S SPINGS.—Thursday evening occurred the opening ball of the season at this popular and delightful Summer resort. To say the occasion was a pleasant one and highly enjoyed by the participants would be damning it with faint fraise, yet the usual adjectives employed in descriptions of festivities of a like kind fall short in doing justice to this entertainment. Beautiful women, arrayed in becoming costumes, and gallant beaux of course were present in large numbers, for when did a ball at Kittrell's Springs fail to attract the beauty and chivalry of this section? It is needless for us to speak of the beautiful scene in the ball room or of the handsome and artistic arrangement of the supper tables; all this can be left to the imagination, as like occasions, this favorite resort have frequently been described, and this was one that has never been surpassed by any of its predecessors.

This brief mention would be still more incomplete were no allusion made to the fair representatives from this place. Well may the fair City of Oaks be proud of its lovely daughters, who graced this joyous festive scene. Their beauteous faces, appropriate toillettes and graceful movements, in the dance, made them the objects of general homage.

It is impossible to give space to a minute description of this delightful ball, for it would take several columns to do it justice. Our enjoyment was marred by only one drawback, that was in being prevented from being present at the closing ceremonies last evening.

NUISANCE NO. 45.—If we are not mistaken there is on the city statute book an ordinance to prevent the driving of drays on the public thoroughfares of the city beyond the usual working gait of a horse or mule. This ordinance, in common with all others, that requires the slightest exertion on the part of the guardians of the peace and quiet of the city to protect, is unobserved. It is a frequent occurrence that draymen indulge in the pleasant spirit of a trotting race through the principal streets of the city, and the noise and rattling of the dray caused thereby is enough to run every other horse on the street away.

This is done immediately under the eyes of policemen, or where the policemen's eyes ought to be, and no attempt is made to arrest the defenders.

THE COLORED BUCKET COMPANY.—The above named Company organized some twelve months ago and which has proved itself a reliable auxiliary to the City Fire Department is yet without a uniform, and for the purpose of raising a fund to purchase a suitable one for the Company, they propose with the aid of their female friends to have a fair and feast at Metropolitan Hall on the evening of the 6th of August. A committee has been appointed to sell tickets to the fair. Those who do not wish to go, may buy tickets to aid the firemen, and we hope a substantial response, from our property owners especially will be given them.

THE RECORD.—We are informed by the ticket agent of the North Carolina Railroad that during the past week sixteen summer resorters from Raleigh purchased tickets for Beaufort and Morehead; thirteen to Ashville; two to Morganton and two to Hickory.

REWARD OFFERED.—Gov. Caldwell has offered a reward of $300 for the arrest of Louis Ingram, charged with murder, who recently escaped from Buncombe county jail.

EXACTLY SO.—It is rather changing the order of things—but we state but the fact. The Housekeeper of the Insane Asylum is a man and the Steward is a woman.

Hon. Daniel W. Vorhees, of Indiana has accepted the invitation to deliver the Annual Address before the State Agricultural Society, at the coming Fair

MIDNIGHT DISPATCHES.

Later from the Baltimore Fire.

BALTIMORE, July 24.—4 P. M.—The fire is still raging but has not extended to any great extent beyond the blocks named in last dispatch. The Central Presbyterian Church, Dr. Smith's, south-east corner of Saratoga and Liberty streets, is a complete wreck. Nothing remaining but walls with the exception of three brick dwellings. On the south-east corner of this block in immediate rear of the ruins of the church, not a building remains. At this hour the wildest rumors prevail in regard to fires in other portions of the city, but an inspection of the localities named as on fire, fail to verify the report. The roofs of several buildings on Calvert street north of Saratoga, have taken fire, among them the Citizens Aid Society, on Calvert, adjoining the city spring, but have been extinguished St. Alphonsus German Catholic Church, a beautiful structure, at north-east corner of Saratoga and Park streets, is in imminent danger, and at this moment has not taken fire. Dispatches have been received from Philadelphia offering assistance. About one hundred buildings have been burned.

3 P. M.—The fire is still raging. 8 blocks and five buildings have been burned. The authorities are sending for outside help. The water supply is failing. Clay street from Liberty to Howard, two squares is burned out, this is a narrow street, filled with carpenter shops and box factories. The steeple of the Central Presbyterian Church was on fire at half-past one o'clock. The fiercest portion of the fire was on Saratoga street between Park and Liberty streets. On the South side, every house on the Square is in flames. The fire to this square came from the back buildings which reached to the destroyed houses on Clay street, up Saratoga to Howard street. On the South side the houses were still burning at one o'clock. The cause of the fire from Thomas factory where it commenced was from a spark. On one side and to the rear of St. Alphonus Church. On the other side the burning shingles and sparks started the fire on five squares on the north side of Mulberry street between Cathedral and Park streets. The fire then dashed across the street to the Academy of Arts. The dome of the Cathedral at one time was on fire and was put out by the citizens who were stationed on the roof prepared for it. At 11 o'clock the casings of the windows of St. Alphonsus Church were on fire for the third time. The sparks were showered all over the church from the burning houses in front and along the side of it. Notwithstanding the intensity of the flames and the natural excitement incident thereto, no panic previled in the neighborhood of the fire, but all did their utmost to prevent the spread of the flames. The new Salvages corps appeared on the scene and are doing good service. No estimate of the damage is possible under the circumstances. The work of moving is still going forward and the streets are impassable. On Mulberry street the buildings of the Maryland Academy of Art, have been burned.—Dr. Dalymple's school, adjoining, is on fire. Three handsome private residences on the other side of Mulberry street between Cathedral and Park streets, took fire but were saved with considerable damage. A force of 400 men are passing water to the dome of the Cathedral which is covered with wet blankets.

3:10 P. M.—Clay street, on which the fire originated to-day, is a small street, beginning at Liberty street about midway between and parallel with Saratoga and Lexington streets running west intersecting Park street and Howard streets and stopped at Eutaw. The fire originated on the southside of Clay street, near the park, in Thomas' Planing Mills as before stated.

4;10 p. m.—The fire is now completely under control, and many persons who removed their goods and furniture on the blocks adjacent to the fire are now moving them back.

Reports are still circulated that several children are burned and men killed, but strict inquiries of the marshals and officers fail to verify any death by burning.

Railroad Meeting at Greensboro—Important Proceedings.

Foreign News.

ST. PETERSBURG, July 25.—The Grand Duke Nicholas has returned from Khiva.

PARIS, July 25.—The government has received information which it regards as trustworthy that instructions had been issued from the head of the Internationals in London to the subordinates in France to organize for a series of labor strikes throughout the Republic, to be carried into effect during the coming recess of the Assembly. Increased vigilance on the part of the local authorities is ordered and the contact of the soldiery with foreigners is prohibited.

Prince Frederick Charles, of Germany, has tendered to Marshal Bazaine evidence in his favor on his trial for the surrender of Metz to the Prussians. The Marshal, however, declined to permit evidence to be introduced.

The *Journal de Paris* to day says the project of placing a Prince of the House of Hohenzollern on the throne of Spain has now been abandoned. A number of discontented Carlist leaders and former liberal unionists are said to favor the Hohenzollern candidacy.

The Journal also says that the Cure of Santa Cruz was proclaimed a rebel by Carlos for being concerned in this intrigue.

The permanent Committee Assembly, to sit at Versailles during the recess of that body, is composed of ten members of the left and one Bonapartist.

The Duke L'Aumale, to-day asked for a leave of absence from the Assembly for the purpose of presiding over the court martial.

The bill authorizing the Constitution of the Church of the Sacred Heart, a grand cathedral on the height of Montmartre, overlooking Paris, passed the Assembly to-day after an exciting debate. In the course of which, much violent religious partisanship was evoked.

It is probable the Assembly will adjourn on Thursday next.

MADRID, July 25.—The Prussian frigate despatched by the German Consul in pursuit of the Spanish war vessel Vigilante, which was captured by insurgents, over hauled her en route off Almira whither she was bound for the purpose of proclaiming that province an independent cauton. Senor Galvez, a deputy in the Cortez, was in command of the Vigilante. The German Ambassador has offered to deliver the captured vessel into the hands of the government.

A dispatch from the town of Figuras, in the province of Germa, says that the gates of the city have been closed, the streets barricaded and the authorities were prepared for defence against the insurgents.

A number of Carlists have been arrested and six priests suspected of intriguing for Don Carlos, have been thrown into prison.

Lightning Miscellany.

MOUNT VERNON, July 25.—There were seven choleras yesterday.

NEW YORK, July 25.—Papers are now being prepared for one hundred suits against the city by the deposed Washington Market stockholders. A raid will also probably be made upon the booths and stands around Fulton Market. The aggregate rent paid to the city by stalls so far destroyed was $20,000.

A special despatch from Boston says that the failure of H. J. Kimball, of Atlanta, Ga., the great gold and railroad speculator in the South, creates much remark in this section, he being an eastern man and a former operator here. His liabilities are said to reach five million dollars, and the list of creditors include Morton, Bliss & Co. about $1,700,000, Henry Clews & Co. about $1,000,000, and others to a large amount.

There are extensive fires in the forests along Long Island Railroad. Farmhouses are threatened.

A *Herald* special from Lecumberry, France, July 24, says that Don Carlos by the advice of his Generals, hesitated to advance on Pampaluna, and is waiting for a junction with the forces of Dorregarry. His whole force numbers fifteen thousand men fully armed. Numerous French volunteers are arming and demanding arms.

SCRANTON, Pa., July 25.—Two Frenchmen fought an hour with rapiers about a lady. They displayed great skill. One was wounded in the left side, and hospitaled. The fight will be renewed when the wounded Frenchman recovers.

FORT GARY, July 25.—In the Court at Manatoiba during the discussion of the overbail for the kidnappers of Lord Gordon, the Attorney General called the counsel for the prisoners a "dirty puppy." All strangers are watched. Invasion from Minnesota is apprehended.

CINCINNATI, July 25.—The explosion of a threshing machine boiler killed two and hurt five.

E. Roberts & Co. are sueing the city for $130,000 for lumber destroyed by the great coal oil fire in June. The plea is that the oil was stored in violation of city ordinance. The Board adopted resolutions deprecating the injury which was commenced by the delay of turning over the Louisville canal to the United States.

NOON DISPATCHES.

The Baltimore Fire—Estimate of Losses, Etc.

BALTIMORE, July 26.—The loss of the Central Presbyterian Church amounts to $700,000; insurance $60,000. The loss of the Sisters of Notre Dame and St. Alphonsus school and library amount to $90,000; insured. The fire was stopped on Saratoga street at Central Garden. The lager beer saloon, a building once occupied by the Redemptionist Fathers was flooded. The English Luthern Church with parsonage and valuable library was burned.

The University of Maryland and the Maryland Academy of Arts were partially burned. The Museum attached to the academy is unharmed, most of the pictures were removed. The insurance, the people think, is from $500,000 to $600,000 and covers the loss. The disaster, they claim, will not affect the solvency of the insurance, companies. No lives were lost. Sixty families are houseless.

The *Sun* of this morning estimates the loss by the fire yesterday at five hundred thousand dollars, and remarks that, "good judges estimate the damage as low as between three hundred and four hundred thousand. The *Gazette* estimates the loss at from $500,000 to $800,000, and the *American* says the loss will closely approach one million.

Destructive Fire in Norfolk, Va.

NORFOLK, July 26.—About 1 o'clock this morning an incendiary fire broke out from a building on the west side of Market Square, occupied by Hofheimer & Co., boot and shoe dealers. Owing to the bursting of a water main the day before, and the limited resources of the Fire Department, the fire gradually gained headway and finally extended on the northern side as far as Archer & Co's. drug store on Main street, destroying or damaging six or eight buildings. The total loss is estimated at one hundred and fifty thousand dollars, which is partly covered by insurance. The principal losers are Hofheimer & Co., and J. T. Griffin, boot and shoe dealers, W. R. Hutchins and Taylor, Martin & Co., hardware; Eppes & Co., crockery, and Archer & Co., druggists. The latter is damaged by water. The fire rocket signals, which were sent up, brought over three engines from Portsmouth and one from the navy yard, which rendered great assistance in preventing the further spread of the fire.

Miscellaneous News.

WASHINGTON, July 26.—It is stated that the Postmaster General has awarded a contract for mail between Charleston and Havana *via* Key West. The contractors propose establishing a line of steamers between the points and claim they can save sixty hours.

SALT LAKE, July 26—Butcher, who killed Cotton and his two sons, was arrested yesterday. The youngest son was shot five times with a revolver and once with a shot gun loaded with buckshot. The eldest son was shot five times and cut in several places with a knife. The number of stories about the terrible affair lead to the general belief that the Cottons were the assailants. The people of Brigham Canton seem to justify Butcher.

WHEELING, July 26.—There were 2 cholera deaths and other cases it is feared will prove fatal.

KANSAS CITY, July 26.—Legal complications which have caused a suspension of work upon the Kansas City, Memphis & Mobile Railroad having been settled, work will be resumed on Monday next, and will be pushed forward rapidly.

LOUISVILLE, KY., July 26.—A farmer living near Mount Vernon attempted to wreck the eastward bound train on the Ohio & Mississippi railroad. Sparks from the engine, he said, burned his fences. He was jailed. Lynching was threatened.

CINCINNATI, O., July 26.—Stephen Maliter, an old and highly esteemed German citizen, founder of the Cincinnati *Volksblaatt* and at one time connected with the New York *Staats Zeitung*, died here last night of general debility, aged 68.

New York News.

NEW YORK, July 26.—At midnight the prize fighters, Arthur Chambers and George Sedgers, left in two steamboats for far Rockaway to fight at daybreak. They were each accompanied by about 50 friends.

Boston despatches represent that the anti-Republican party is formidable, threatening his prospects of either nomination or electtion.

Delia Corcoran, a young Irish woman, is reported outraged, murdered and thrown into the river by negroes in New Jersey, opposite Yonkers, Sunday night. Three arrests have been made.

Specie shipments to-day a quarter of a million.

W. W. Whipple, late Cashier of the Norfolk Postoffice, was arrested here on the charge of embezzlement.

Foreign News.

BAICELONA, July 26.—Four officers of the civil guard were shot for attempting to desert to the Carlists.

MADRID, July 26.—Contreas, in assuming the title of commander of the land and sea forces in the Canton of Murcia, addressed a circular to foreign powers. The Germans have released the crew of the Vigilante, fearing that the German consul and family would be shot.

BAYONNE, July 26.—The Republicans are concentrating near Pampeluna. Carlos is at Elizend with fifteen thousand well armed troops. The struggle will take place soon.

Railroad Meeting.

ST. LOUIS, July 25.—An adjourned meeting of the railroad managers, superintendents, ticket and passenger agents to confer on the question of the commissions of free passes, etc., was held here yesterday. After considerable discussion resolutions were adopted declaring that no more free passes or half fare tickers should be issued after the first of August next, except to officers, agents and employees of the roads. Twenty-one roads were represented, two-thirds of which are west of the Missouri River.

SUNDAY.....JULY 27, 1873.

THE ELECTION, AUGUST 7TH.

The election to be held in this State on the first Thursday in August, on the constitutional amendments, is one of vast importance to our people.

It involves vital changes in the organic law of the State.

For the information of voters, we publish on our fourth page, and shall keep standing until the day of election, the clauses in the Constitution proposed to be altered, together with the eight amendments that passed the Legislature by the requisite constitutional majority, and which are to be submitted to the people for approval or rejection, on Thursday, the seventh day of August next.

All the amendments proposed are necessary and important, and those who favor them should not fail to vote.

OUR LIVING AND OUR DEAD.

Number four of our LIVING AND OUR DEAD is decidedly the best number that has been issued.

It is filled with valuable historical data of a most interesting character.

On the first page we find "Brief Sketches" of the eleventh, twelfth and thirteen Regiments from "The Roll of Honor;" the inaugural address of Jefferson Davis, President of the Southern Confederacy; a poem on "A Touch of Nature" by John R. Thompson and same editorial comments.

On the second page appear official dispatches relating to the fall of Fort Sumter; Lincoln's Proclamation of April 15, 1861, calling for seventy-five thousand troops from the several States to suppress the "rebellion," and Governor Ellis' reply thereto, containing the remarkable words: "*You can get no troops from North Carolina*"—words which have already become memorable in history; President Davis' Proclama-Proclamation of April 17th, 1861, denoucing Lincoln's call for troops, and counselling vigilance and harmony among the people of the Confederate States; the Proclamation of Governor Ellis, of April 17th, 1861, calling an extra session of the Legislature; the Proclamation of Governor Letcher, of Virginia, of the same date, commanding the armed volunteer regiments of that State to be in readiness to resist the demands of the President; the action of the Legislature of 1860 and 1861, in regard to the call for a Convention; and the sudden change produced in the political feeling in North Carolina after Lincoln's call for troops.

The third page is mostly filled with dispatches between April 15th and April 23, 1861, from officers of volunteer military companies, suddenly organized after the promulgation of Lincoln's Proclamation of war, tendering the services of their respective companies to Gov. Ellis; also dispatches from Montgomery, Ala., Charleston, Richmond, Norfolk, Nashville, Tenn., and other points, relating to the preparations for war, the arming of troops, &c &c.

The articles in this issue of *Our Living and Our Dead* form an important epoch in the war record of the State and the nation, and afford abundant material for an interesting chapter of history.

Colonel Pool says that the Roll of Honor, filed in the State Library, furnishes no regimental sketches from the eighth, ninth and tenth Regiments. He says: "As we progress in our researches, we shall find that the proportion of the remaining regiments and battalions, from which no reports were made is even greater than in the first ten. Are North Carolinians satisfied that this should remain so? Are survivors of the bloody war willing that an incomplete, imperfect history should go down to posterity, in which one-third or more of the organized commands of the State are unmentioned, and in which the remaining two-thirds have only scant justice done them? As we go forward in our work, and note the many difficulties that surround us, we become the more determined to overcome those difficulties, and to place upon record, if it be possible to do so, a fair and impartial account of what North Carolina and her sons did."

The skelton sketches in the Roll of Honor are too incomplete and imperfect to give any idea of the services of the Regiments that are mentioned; but we hope that this will serve to incite the officers and privates whose commands are thus so meagerly sketched to aid Col. Pool in his laudable and patriotic work.

BALTIMORE'S HOUR OF DISTRESS.

The losses and sufferings occasioned by the destructive fire in Baltimore, particulars of which have appeared in our telegraphic columns, have excited considerable sympathy in this community in behalf of the sufferers.

When Boston was visited with a similar calamity twelve months ago, pecuniary assistance was offered by Raleigh. When a Southern city—endeared to our people by so many ties of interest and affection as is Baltimore, suffers from devouring flames, there should be something more than mere sympathy manifested.

Substantial aid in the hour of Baltimore's sorrow will be more acceptable than long editorials of condolence or empty resolutions of heartfelt sympathy.

SOME REASONS WHY THE EIGHT AMENDMENTS SHOULD BE ADOPTED.

1. The amendment relating to the PUBLIC DEBT should be adopted, *because*, under the Constitution as it now exists, the General Assembly is *required* by adequate taxation to provide for the prompt and regular payment of the *interest* on the debt of the State, and after the year 1880, the same body is required to provide for the payment of the *principal* by levying a tax on the whole taxable real and personal property in North Carolina. By voting for the amendment the people of the State will put it in the power of the Legislature to settle the debt on such fair and equitable terms as may be acceptable to all parties. As the Constitution now stands, our creditors have a *mortgage* on all the taxable property in the State. Who will vote against the amendment relating to the *Public Debt?*

2. The amendment in relation to the UNIVERSITY should be ratified, *because* this institution is now in ruins, and the amendment will enable the Legislature to lift it from the dust and start it on a new career. Who will vote against the amendment relating to the *University?*

3. The amendment relating to the CODE COMMISSION should be adopted, *because* the sections in the Constitution relating to the Code are "mere surplusage" in the opinion of Judge Rodman, of the Supreme Court, and therefore these sections should be lopped off. Who will vote against the amendment relating to the *Code Commission?*

4. The amendment relating to the State census should be adopted, *because* there is no necessity for the Legislature's providing for the taking a State census in 1875, and every ten years thereafter, as this work will be done by the National Government in 1880, and every ten years thereafter. Thus we would have a *census* for every *five* years which is ridiculous and would involve a *heavy expense* on the taxpayers. The expenses for taking a census for this State could not be less than five hundred thousand dollars, and would probably nearly double that amount. Who will vote against the amendment relating to the *State Census?*

5. The amendment relating to the SESSIONS OF THE GENERAL ASSEMBLY should be ratified, *because* there is no earthly necessity for *annual* meetings of the Legislature, at a cost to the people of the State of at least one hundred and fifty thousand dollars. The amendment provides that the Legislature shall meet once in two years. Who will vote against the amendment relating to the *sessions of the General Assembly?*

6. The amendment in regard to EXEMPTION FROM TAXATION should be ratified, *because* the poor man will be allowed an exemption of three hundred dollars in any kind of personal property. Under the present law the rich man is benefited and the poor man taxed. Who will vote against the amendment relating to *exemption from taxation?*

7. The amendment relating to the SUPERINTENDENT OF PUBLIC WORKS ought to be ratified, *because* the office is an useless one and the amendment proposes to abolish it altogether. There is no necessity for such an office in North Carolina. It is an unnecessary burden. Who will vote against the amendment abolishing the office of *Superintendent of Public Works?*

8. The amendment in regard to FEDERAL AND STATE OFFICE-HOLDERS should be ratified, because it forbids a Federal office-holder from holding office under the Government of North Carolin. Who can oppose the amendment relating to *office-holders?*

The Conservatives and most of the Republicans in the Legislature united in voting for these amendments. Conservatives and Republicans in North Carolina must live under the same Constitution. They are alike interested in having its burdens removed.

A VOICE FROM VIRGINIA.

The Richmond *Enquirer*, under the able and vigorous editorial management of Major Baker P. Lee and Col. Cameron, is rapidly growing in popularity and influence. The following article from that paper on *North Carolina*, has the ring of the true metal and is well written and trenchant:

Twelve months since the Old North State commanded the anxious gaze of the nation; the friends of constitutional restoration and the henchmen of tyranny both awaited with solicitude the sound of the first gun of the canvass. The Greeley movement received its first blow at the hands of the corrupt placemen, who, wielding the power of Federal and State administrations, and entrenched in the possession of the people's money, stifled the honest utterance of North Carolina, and fraudulently placed her at the head of the administration column. A more gallant fight was never made by a brave people than that which culminated in making Caldwell Governor, through cunning contrivances and dextrous manipulations of Jno. Pool and his *Fidus Achates*, Carrow. Much as we lamented the result because of its inevitable detriment to the cause of national deliverance, we deplored it much more for the sake of the faithful people who had made a gallant struggle for their deliverance, and, in the very hour of assured triumph, were remanded to the keeping of their oppressors and despoilers.

Another canvass is now approaching its climax in North Carolina; but, though involving matters of grave moment, so noiselessly has it been conducted, that the country, outside of the State, is hardly acquainted with the fact that on the first Thursday of next month North Carolina is to vote upon certain questions which vitally affect the social and material condition of her people. Like other Southern States, North Carolina is heir to a *new* constitution, fabricated since the war, and intended to adjust the sociology of the State to a conformity with the new civilization which the war enthroned in this country. This *new* constitution, supplanting the "effete system," which the best brain and patriotism of North Carolina had spent nearly a century in devising, was of course the mechanism of negroes and carpet-baggers, and the world is amply acquainted with the marvellous fruits of negro and carpet-bag cohabitation in the procreation of political systems.—Amarous Ixion sought the embraces of Juno; but instead of the arms of the goddess, the presumptuous mortal found embracing a cloud, and the Centaurs, the monsters of mythiology, were the fruits of the union. The fable well illustrates the result of the incestuous combination of the negro and the carpet bagger in the plentiful crop of evils and annoyances growing from the so-called constitutions of the Southern States. We take it that the parties to the contract by which North Carolina was placed under her present constitution, were neither better nor worse than the representatives of their classes in other States. Doubtless the Abbotts, the Pools, the Cobbs, *et il omne genus*, of Carolina are the worthy correspondents of Wells, Underwood, *et al* in Virginia; and the same Providence which enriched Virginia with Lewis Lindsay and Landon Boyd, vouchsafed to North Carolina in her Mabsons, Galloways, and Arnolds, the efficient helps of the carpet-bagger and the scalawag in controlling a once great and wealthy Commonwealth.

The Conservatives of North Carolina, though unable to control the political administration of the State, have finally persuaded the better class of Republican leaders to join them in the adoption of certain amendments to the State Constitution. These amendments contemplate much needed reforms in the organic law, and we are glad to be able to believe from the confident tone of the leading newspapers of Carolina, that there is little reason to doubt their adoption by the people next Thursday week. Party differences appear to be in temporary abeyance, and from this fact we are induced to trust confidently in the early inception of real relief for the good old North State from the numberless evils which have followed in the train of her reconstruction.

The *Biblical Recorder*, A. F. Redd, Editor, and G. W. Greene, Associate, and published by Edwards, Broughton & Co., made its appearance in a new form this week. Its typographical appearance is an inprovement and the reading matter well written and interesting.

SPECIAL NOTICES.

BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal. It effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, sciatica, neuralgia, toothache and earache. What unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the cavity of the tooth, affords instantaneous, and what is better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries or diseases which require treatment externally this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:

"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, and various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, honesty and worth, and he ranks high in the science of medicine and the healing art.

Work on the Pee Dee bridge is progressing under the management of Mr. Hanrahan, who is putting substantial improvements under the western end."

Says the Milton *Chronicle* of the 24th inst.:

A threshing machine belonging to Messrs. Jesse Lea, of this (Caswell) county, caught last Saturday evening while running at a rapid rate, at Mr. Thomas Lea's residence, and knocked down and, we thought, wounded two colored men, if not mortally. The teeth of the machine are supposed to be still up in the air, having been sent through the roof of the house with great violence.

A strange fish was caught in French Broad river near Asheville. It is thus described by the *Citizen*. "The fish, said to be of the Cat species, but combining the bodily shape of a Jackfish and Gar, with the bill of a Swordfish without the teeth, or an elongated goose-bill. It weighed 13 pounds. It also looked like a Sturgeon, about the head, though its body was very much smoother. Its mouth was shaped quite like a Sturgeon, and was comfortably located about one-third the distance from the end of his bill to his other end. It has no resemblance to a Cat. We think it is a cross between the Jackfish and a goose. It was about four feet long."

From the Richmond, (Va.,) correspondence of the Norfolk, (Va.,) *Journal* we copy the following:

"The authorities of Warren county, North Carolina, some time since, employed the services of Dr. W. H. Taylor, of this city, State chemist, to analyze the liver and the contents of the stomach of the negro Strainback, of that county, who is supposed to have been poisoned by strychnine administered to him by his wife. The doctor *has found strychnine* beyond a doubt, but he is now carefully submitting all his materials used in the analysis to the same process, without any of the liver or contents of the stomach, so as to be sure that they do not contain strychnine. As soon as the result of this process is known, he will acquaint the North Carolina authorities with his conclusions. The doctor gets $500 as his fee in this case. But these analysis are disgusting processes, are long, laborous and difficult, and are never without danger to the operator. Besides, the doctor will have to testify as an expert in the case, and his large fee is intended to cover traveling expenses, etc."

Sears (a Virginian, by the way) replies, by a card in the *Courier-Journal*, that he has control of the editorial department of that paper, is the author of the article objected to, and is personally responsible for it.

The Springfield *Union* announces that after prolonged discussion, it has been decided by the Catholics of that city to remove their children from the public schools. "It shall be the duty of the Sheriffs in each and every county in the State to open polls at the several election precincts in his county on the said first Thursday in August next, and the same shall be kept open for one day, from the hour of eight o'clock in the morning to the hour of seven in the afternoon, when all persons qualified to vote according to the Constitution, may vote for or against the ratification of each of the said amendments, those desiring such amendments to vote with the written or printed ticket 'For Amendments,' those of a contrary opinion to vote with a written or printed ticket, 'Against Amendments.'"

The attention of County Commissioners and Inspectors of the Election is also called to the 4th section of said act of Assembly which provides that separate ballot-boxes shall be furnished for each amendment to be voted on.

THE CONSTITUTIONAL AMENDMENTS.

In order that the people may vote understandingly on the amendments to the Constitution, at the ensuing election, we deem it necessary to give in full the eight clauses in that instrument proposed to be altered, together with the alterations themselves.

FIRST: IN RELATION TO THE PUBLIC DEBT.

The present Constitution in Article I, Declaration of Rights, provides as follows:

"Sec. 6. To maintain the honor and good faith of the State untarnished, the public debt, regularly contracted before and since the rebellion, shall be regarded as inviolable and never be questioned; but the State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection, or rebellion against the United States, or any claim for the loss or emancipation of any slave."

This section is amended by striking out the first clause down to and including the word "but," so that the amended clause in Article I will then read:

"Sec. 6. The State shall never assume or pay, or authorize the collection of, any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave."

Another alteration in regard to the public debt is provided for in the same amendment, by striking out section 4, Article V of the present Constitution, which is as follows:

"Sec. 4. The General Assembly shall, by appropriate legislation and by adequate taxation, provide for the prompt and regular payment of the interest on the public debt, and after the year 1880, it shall lay a specific annual tax upon the real and personal property of the State, and the sum thus realized shall be set apart as a sinking fund, to be devoted to the payment of the public debt."

So that the above section will be entirely stricken out and the amended Constitution will not make it compulsory on the Legislature, by express language, to provide for the payment of interest and principal of the public debt.

SECOND: IN RELATION TO THE OFFICE OF SUPERINTENDENT OF PUBLIC WORKS.

Article III, section 1, of the present Constitution names among the other officers of which the Executive Department shall be composed, a Superintendent of Public Works, who shall be elected for a term of four years by the qualified voters of the State, at the same time and places, and in the same manner as members of the General Assembly.

The amendment proposes to strike out the words "Superintendent of Public Works" wherever they occur in the Constitution, thus abolishing that office.

THIRD: IN RELATION TO THE STATE CENSUS.

In the present Constitution, Article II, the following provision is made for taking a State Census:

"Sec. 5. An enumeration of the inhabitants of the State shall be taken under the direction of the General Assembly in the year one thousand eight hundred and seventy-five, and at the end of every ten years thereafter; and the said Senate Districts shall be so altered by the General Assembly, after the first session after the return of every enumeration taken as aforesaid, or by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The amendment proposed to this Article is to strike out all that precedes the words, "the said Senate Districts," in section 5, and to strike out the phrase "as aforesaid, or," the parts so stricken out relating to the census, so that the section as amended will read:

"Sec. 5. The said Senate Districts shall be so altered by the General Assembly at the first session after the return of every enumeration taken by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The object of this amendment is to do away with the unnecessary expense of taking a State census under the direction of the General Assembly, inasmuch as the same work is done by the national Government.

FOURTH: IN RELATION TO EXEMPTIONS FROM TAXATION.

The present Constitution, Article V Revenue and Taxation, provides as follows:

"Sec. 6. Property belonging to the State or to municipal corporations, shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements for mechanics and farmers, libraries and scientific instruments, to a value not exceeding three hundred dollars."

The amendment proposes to change this section by inserting after the word "instruments," the words "or any other personal property," so that the section as amended will read:

"Sec. 6. Property belonging to the State, or to municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements of mechanics and farmers, libraries and scientific instruments or any other personal property, to a value not exceeding three hundred dollars."

FIFTH: IN RELATION TO THE UNIVERSITY.

The present Constitution, Article IX, has the following on the subject of the University at Chapel Hill:

"Sec. 5. The University of North Carolina, with its lands, emoluments and franchises, is under the control of the State, and shall be held to an inseparable connection with the free public school system of the State."

The amendment proposes to strike out this section entirely, thus severing the University from the common school system, and insert the following in lieu thereof, so that the amended Constitution shall read:

"Sec. 5. The General Assembly shall have power to provide for the election of trustees of the University of North Carolina, in whom when chosen shall be vested all the privileges, rights, franchises and endowments heretofore in anywise granted to or conferred upon the trustees of said University; and the General Assembly may make such provisions, laws and regulations, from time to time as may be necessary and expedient for the maintenance and management of said University."

The following sections of Article IX, relating to the University, are also stricken out:

Sections 13, 14 and 15, relating to the appointment of trustees by the Board of Education, and the officers powers and rights of the trustees. These matters will hereafter devolve on the Legislature, if the amendment relating to the University is ratified.

SIXTH: IN RELATION TO THE SESSIONS OF THE GENERAL ASSEMBLY.

The present Constitution, Article II Legislative Department, provides as follows:

"Sec. 2. The Senate and House of Representatives shall meet annually on the third Monday in November, and when assembled shall be denominated the General Assembly."

This section is to be amended by striking out the word "annually," and inserting in lieu thereof the word "biennially," so that the section amended shall read:

"Sec. 2. The Senate and House of Representatives shall meet biennially on the third Monday in November, and when assembled shall be denominated the General Assembly."

This amendment also strikes out the word "annually" in section 6, Article III, and inserts the word "*biennially*," in reference to the requirement of the Governor to communicate to the General Assembly each case of reprieve, commutation or pardon.

SEVENTH: IN RELATION TO THE CODE COMMISSION.

The present Constitution, Article IV Judicial Department, makes the following provisions concerning the Code Commissioners:

"Sec. 2. Three Commissioners shall be appointed by this Convention to report to the General Assembly at its first session after this Constitution shall be adopted by the people, rules of practice and procedure in accordance with the provisions of the foregoing section, and the Convention shall provide for the Commissioners a reasonable compensation.

Sec. 3. The same Commissioners shall also report to the General Assembly as soon as practicable, a code of law of North Carolina. The Governor shall have power to fill all vacancies occurring in this commission."

The amendment proposes to strike out both these sections, thus abolishing the Code Commission.

EIGHTH: IN RELATION TO FEDERAL AND OTHER OFFICE-HOLDERS.

The present Constitution, Article XIV, provides as follows:

"Sec. 7. No person shall hold more than one lucrative office under the State at the same time: *Provided*, That officers in the Militia, Justices of the Peace, Commissioners of Public Charities and Commissioners appointed for special purposes, shall not be considered officers within the meaning of this section."

The amendment proposes that this section shall read as follows:

"Sec. 7. No person who shall hold any office or place of trust or profit under the United States, or any department thereof, or under this State or any other State or Government, shall hold or exercise any other office or place of trust or profit, under the authority of this State, or be eligible to a seat in either House of the General Assembly: *Provided*, That nothing herein contained shall extend to officers in the Militia, Justices of the Peace, Commissioners of Public Charities or Commissioners for special purposes."

There were eighteen amendments originally proposed, but the eight above specified were all that passed the General Assembly by the requisite two-thirds majority.

These eight amendments are to be submitted separately for ratification or rejection, at the election to be held on Thursday, the seventh day of August. Any person qualified to vote may vote for or against each amendment, with a written or printed ticket with the words "For Amendment," or "Against Amendment." The amendments that receive a majority of the popular vote will be duly ratified. A part or all of them may be either ratified or rejected.
